Regarding Sireesh Limbu

Sireesh Limbu started the Master Programme in Computational Science in fall 2018. As a program coordinator and professor in the course Scientific Computing III that Sireesh has attended my impression is that he is a very motivated, dedicated and ambitious student. In the Scientific Computing III course that is considered to be an advanced course at a high mathematical level he achieved the top grade, i.e., being in the top 10% of the class. I have therefore no doubts of recommending him for a master thesis project.

Associate Professor Jarmo Rantakokko
Program Coordinator Master programme in Computational Science
Uppsala University, SWEDEN
